Student Performance Report: Spark Olympiad

Dear Parent,

We are pleased to share the results for Aashi Kaur (Grade 8) in Spark Olympiad 2025 conducted by EDXSO in collaboration with Prometric.

1. Student Details

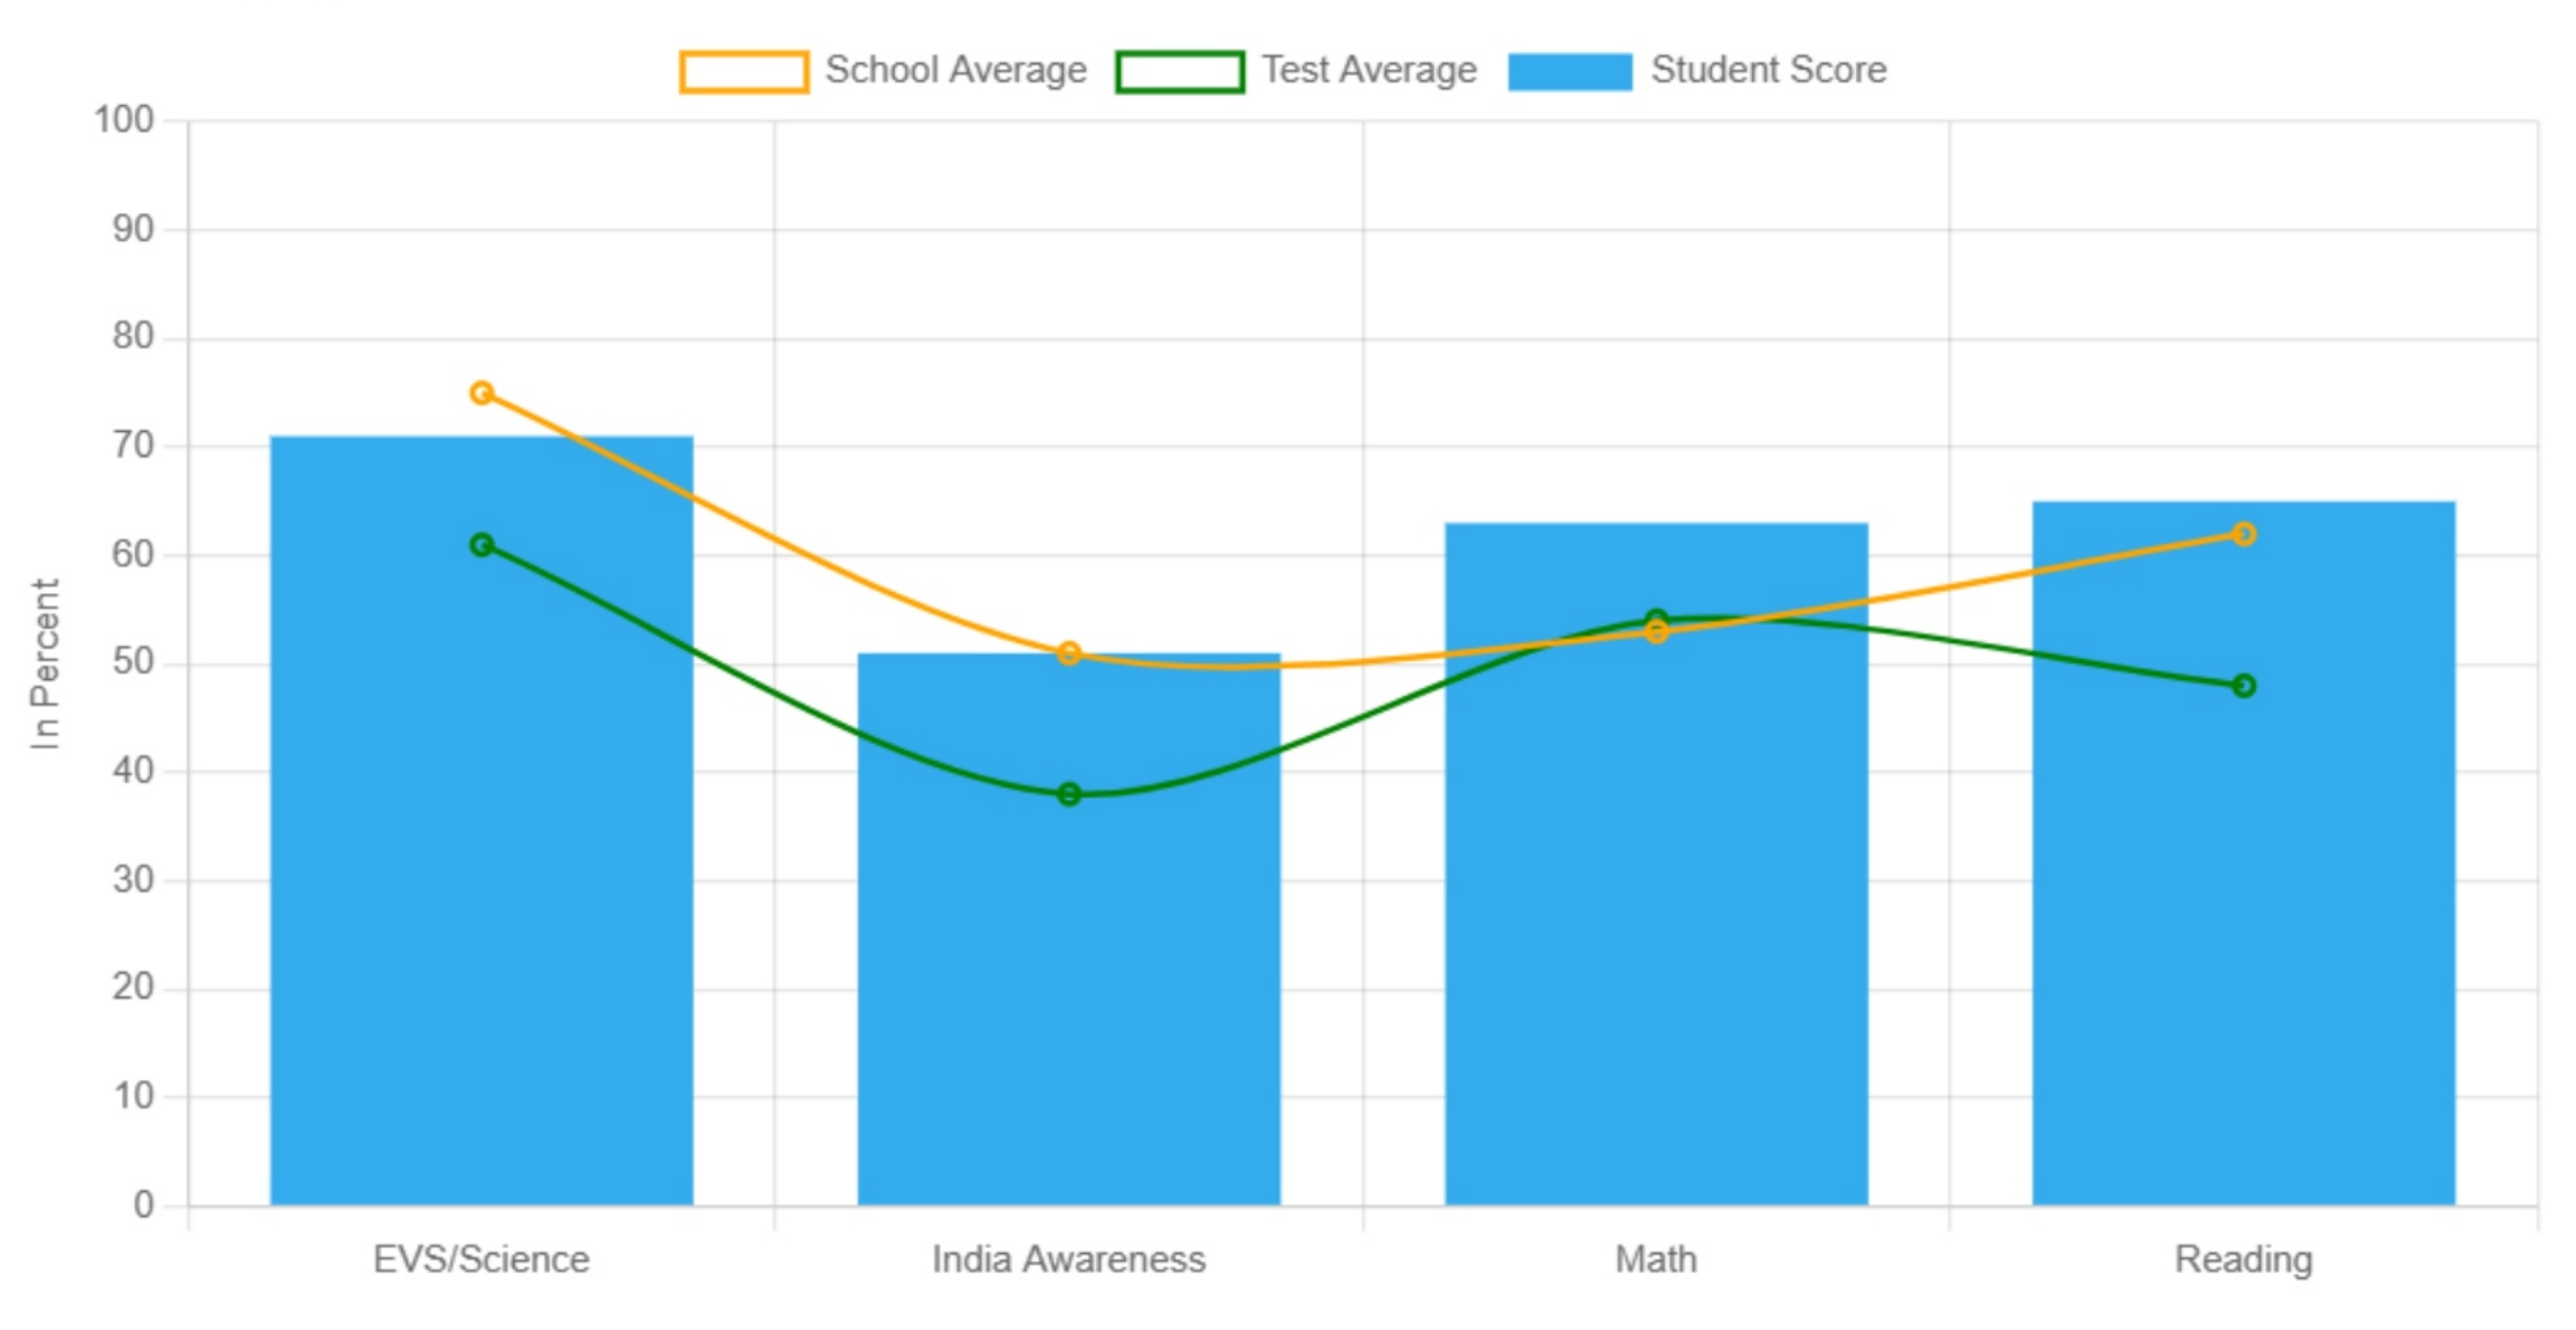
- Student Name:**Aashi Kaur**
- Grade: 8
- School Name: Indraprastha International School

2. Subject Performance & Analysis

This section compares the student's score against the school and overall test averages.

Subject	Student Score	School Average	Test Average	Performance Band
EVS/Science	71.67%	75%	61%	Strong Performer
India Awareness	51.67%	51%	38%	Confident Learner
Math	63.33%	53%	54%	Strong Performer
Reading	65.00%	62%	48%	Strong Performer

SPARK Olympiad - Aashi Kaur Performance



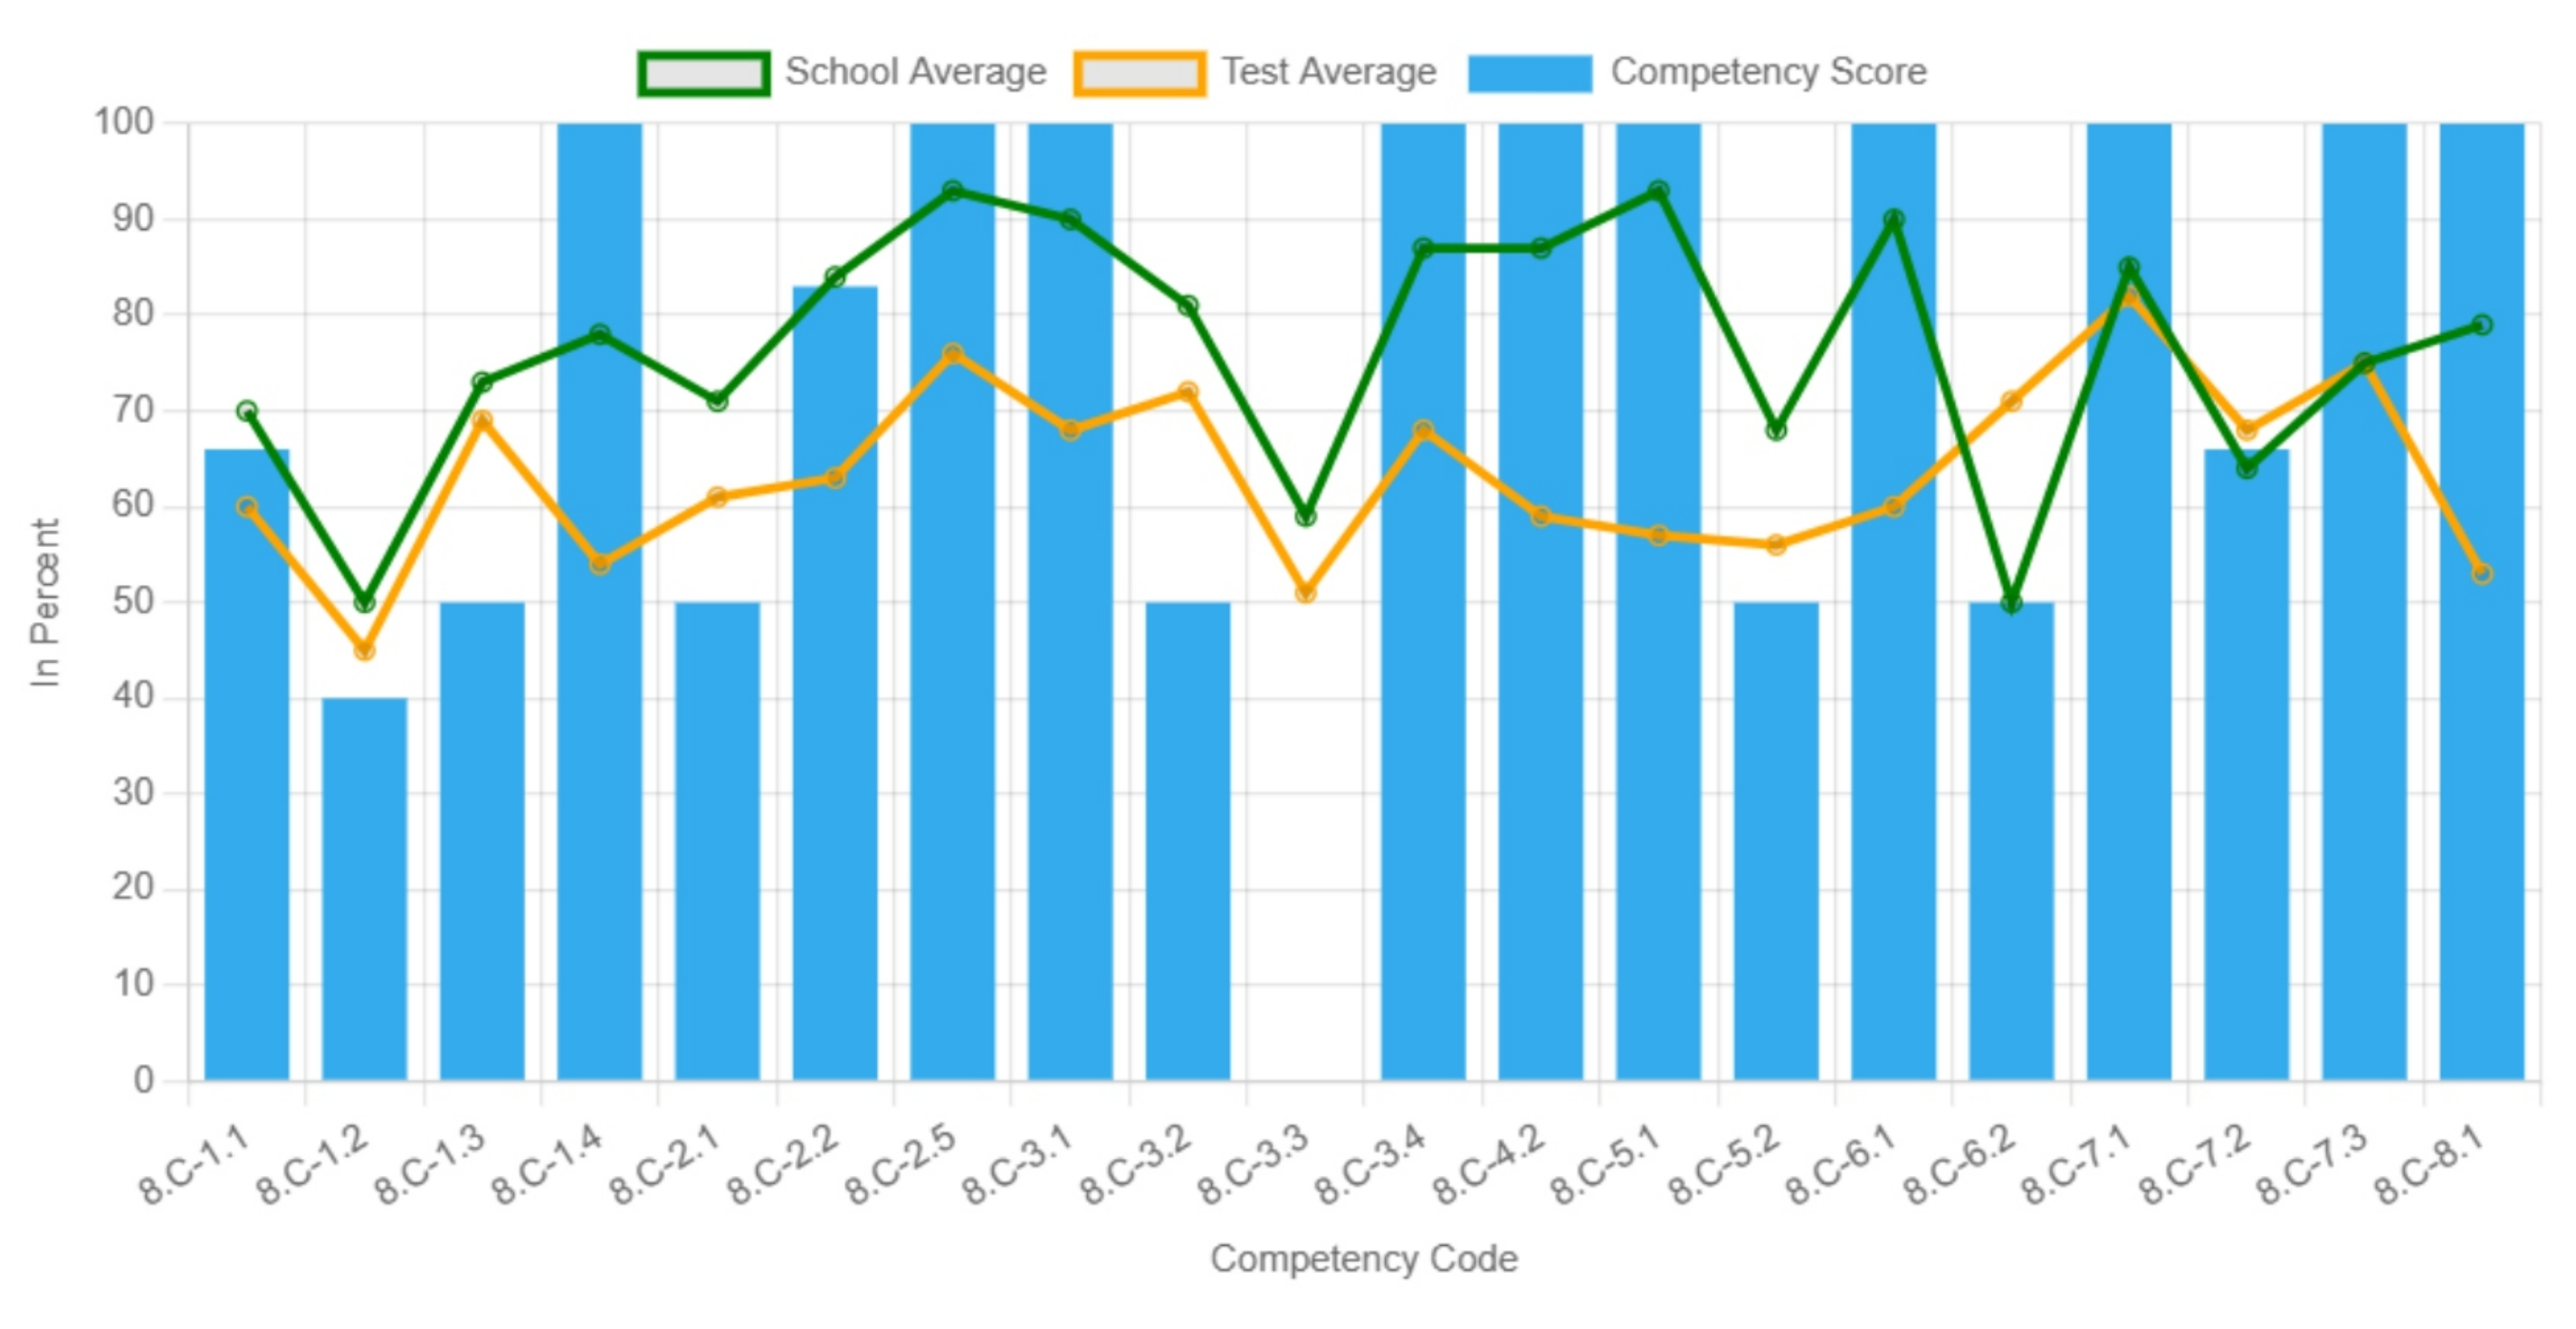
Subject Analysis:

- **EVS/Science -** Spark Academic Team's Observation: Aashi Kaur is showing steady progress in EVS/Science . The performance is well aligned with peer benchmarks, indicating a sound understanding of the core topics. Next Steps: Regular practice, along with gradual exposure to slightly more complex problems, will support continued growth and help move performance toward the next level.
- **India Awareness -** Spark Academic Team's Observation: Aashi Kaur has demonstrated an exceptional grasp of India Awareness concepts, performing above both the school and test averages. This reflects a well-developed foundation and consistent engagement with the subject. Next Steps: We encourage continued exploration of advanced topics and participation in logic-based challenges to further strengthen and sustain this momentum.
- **Math -** Spark Academic Team's Observation: Aashi Kaur has demonstrated an exceptional grasp of Math concepts, performing above both the school and test averages. This reflects a well-developed foundation and consistent engagement with the subject. Next Steps: We encourage continued exploration of advanced topics and participation in logic-based challenges to further strengthen and sustain this momentum.
- **Reading -** Spark Academic Team's Observation: Aashi Kaur has demonstrated an exceptional grasp of English concepts, performing above both the school and test averages. This reflects a well-developed foundation and consistent engagement with the subject. Next Steps: We encourage continued exploration of advanced topics and participation in logic-based challenges to further strengthen and sustain this momentum.

3. Competency-Wise Performance

This section breaks down performance by specific skills within each subject.

EVS Competencies Highlights:

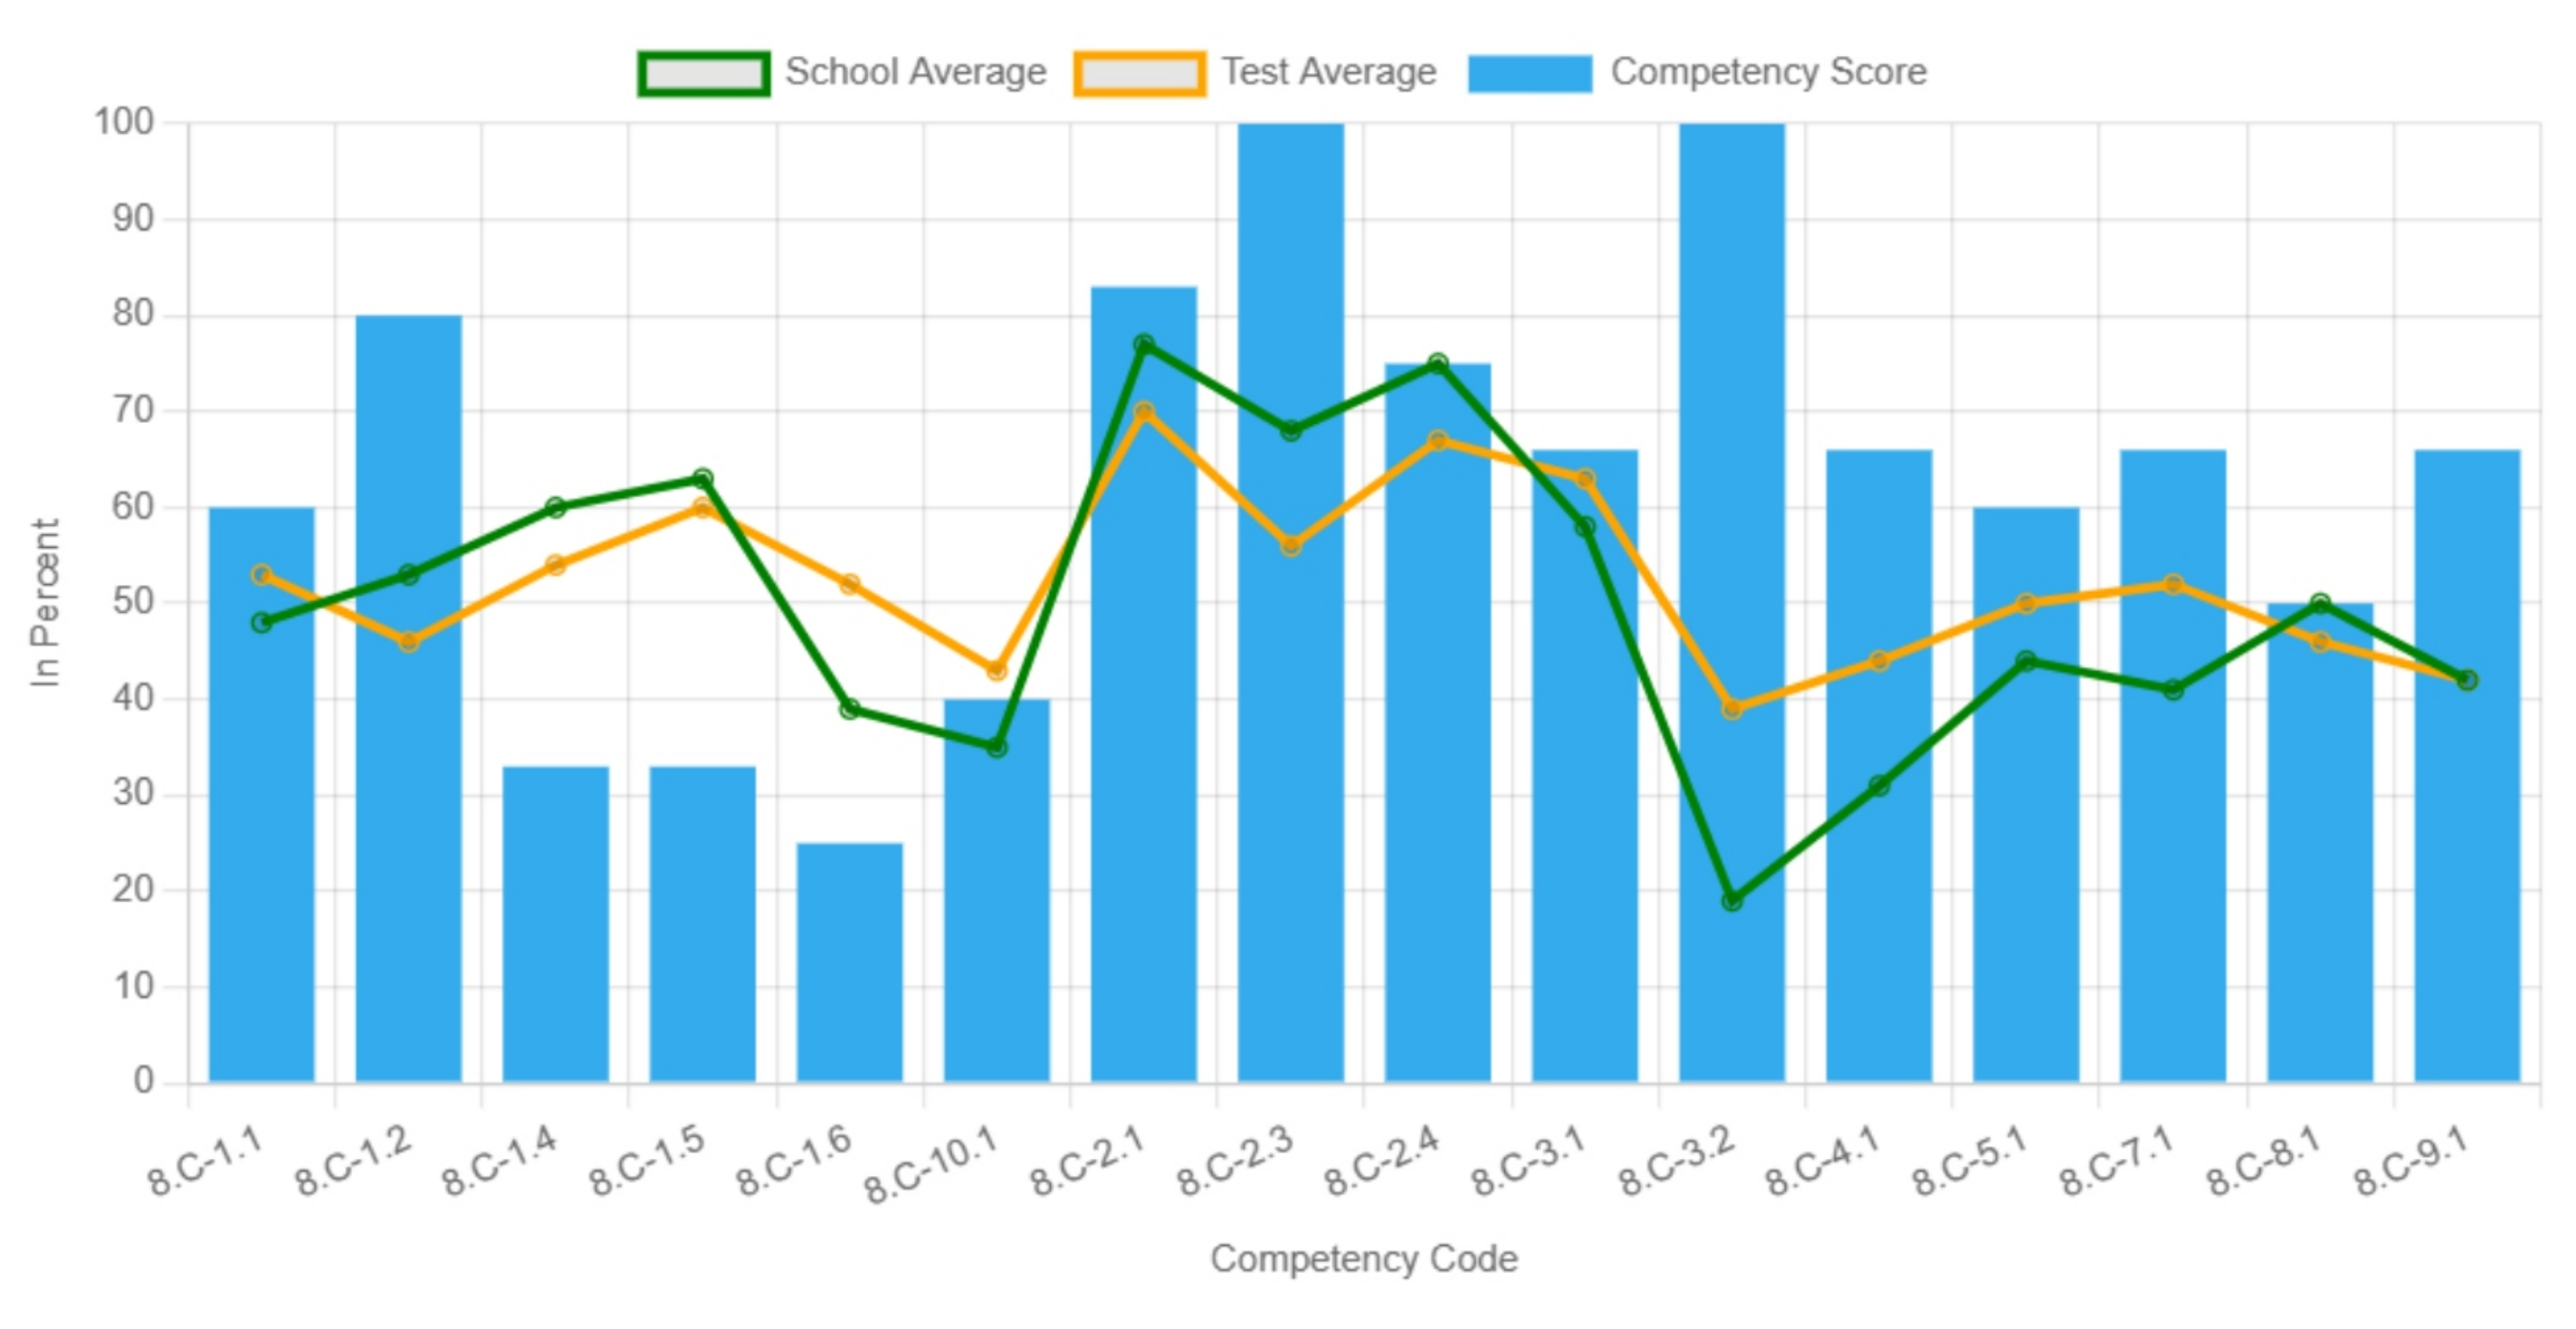


Competency Score for each Subject

EVS

Competency	Competency Description	Competency Score	School Average	Test Average
8.C-1.1	Classifies matter based on observable physical (solid, liquid, gas, shape, volume, density, transparent, opaque, translucent, magnetic, non-magnetic, conducting, non-conducting) and chemical (pure, impure; acid, base; metal, non-metal; element, compound)	66.67%	70.83%	60.54%
8.C-1.2	Describes changes in matter (physical and chemical) and uses particulate nature to represent the properties of matter and the changes.	40.00%	50.00%	45.45%
8.C-1.3	Explains the importance of measurement and measures physical properties of matter (such as volume, weight, temperature, density) in indigenous, non-standard, and standard units using simple instruments.	50.00%	73.44%	69.72%
8.C-1.4	Observes and explains the phenomena caused due to differences in pressure, temperature, and density (e.g., breathing, sinking-floating, water pumps in homes, cooling of things, formation of winds).	100.00%	78.13%	54.53%
8.C-2.1	Describes one-dimensional motion (uniform, non-uniform, horizontal, vertical) using physical measurements (position, speed, and changes in speed) through mathematical and diagrammatic representations.	50.00%	71.88%	61.12%
8.C-2.2	Describes how electricity works through manipulating different elements in simple circuits and demonstrates the heating and magnetic effects of electricity.	83.33%	84.38%	63.14%
8.C-2.5	Observes and identifies celestial objects (stars, planets, natural and artificial satellites, constellations, comets) in the night sky using a simple telescope and images/ photographs, and explains their role in navigation, calendars, and other phenomena	100.00%	93.75%	76.56%
8.C-3.1	Describes the diversity of living things observed in the natural surroundings (insects, snails, earthworms, birds, mammals, reptiles, spiders, diverse plants, and fungi), including at a smaller scale (microscopic organisms).	100.00%	90.63%	68.41%
8.C-3.2	Distinguishes the characteristics of living organisms (need for nutrition, growth and development, need for respiration, response to stimuli, reproduction, excretion, cellular organisation) from non-living things.	50.00%	81.25%	72.48%
8.C-3.3	Analyses patterns of relationships between living organisms and their environments in terms of dependence on and response to each other.	0.00%	59.38%	51.56%
8.C-3.4	Explains the conditions suitable for sustaining life on Earth and other planets (atmosphere, suitable temperature-pressure, light, properties of water).	100.00%	87.50%	68.18%
8.C-4.2	Examines different dimensions of diversity of food - sources, nutrients, climatic conditions, and diets.	100.00%	87.50%	59.59%
8.C-5.1	Illustrates how Science and Technology can help to improve the quality of human life (health care, communication, transportation, food security, mitigation of climate change, judicious consumption of resources, applications of artificial satellites) as we	100.00%	93.75%	57.05%
8.C-5.2	Shares views on news and articles related to the impact that Science/Technology and society have on each other.	50.00%	68.75%	56.25%
8.C-6.1	Illustrates how scientific knowledge and ideas have changed over time (description of the motion of objects and planets, spontaneous generation of life, number of planets) and identifies the scientific values that are inherent and common across the evolut	100.00%	90.63%	60.68%
8.C-6.2	Formulates questions using scientific terminology (to identify possible causes for an event, patterns, or behaviour of objects) and collects data as evidence (through observation of the natural environment, design of simple experiments, or use of simple s	50.00%	50.00%	71.83%
8.C-7.1	Uses scientific vocabulary to communicate Science accurately in oral and written form, and through visual representation.	100.00%	85.42%	82.29%
8.C-7.2	Designs and builds simple models to demonstrate scientific concepts.	66.67%	64.58%	68.18%
8.C-7.3	Represents real-world events and relationships through diagrams and simple mathematical representations.	100.00%	75.00%	75.45%
8.C-8.1	Knows and explains the significant contributions of India to all matters (concepts, explanations, methods) that are studied within the curriculum in an integrated manner.	100.00%	79.17%	53.79%

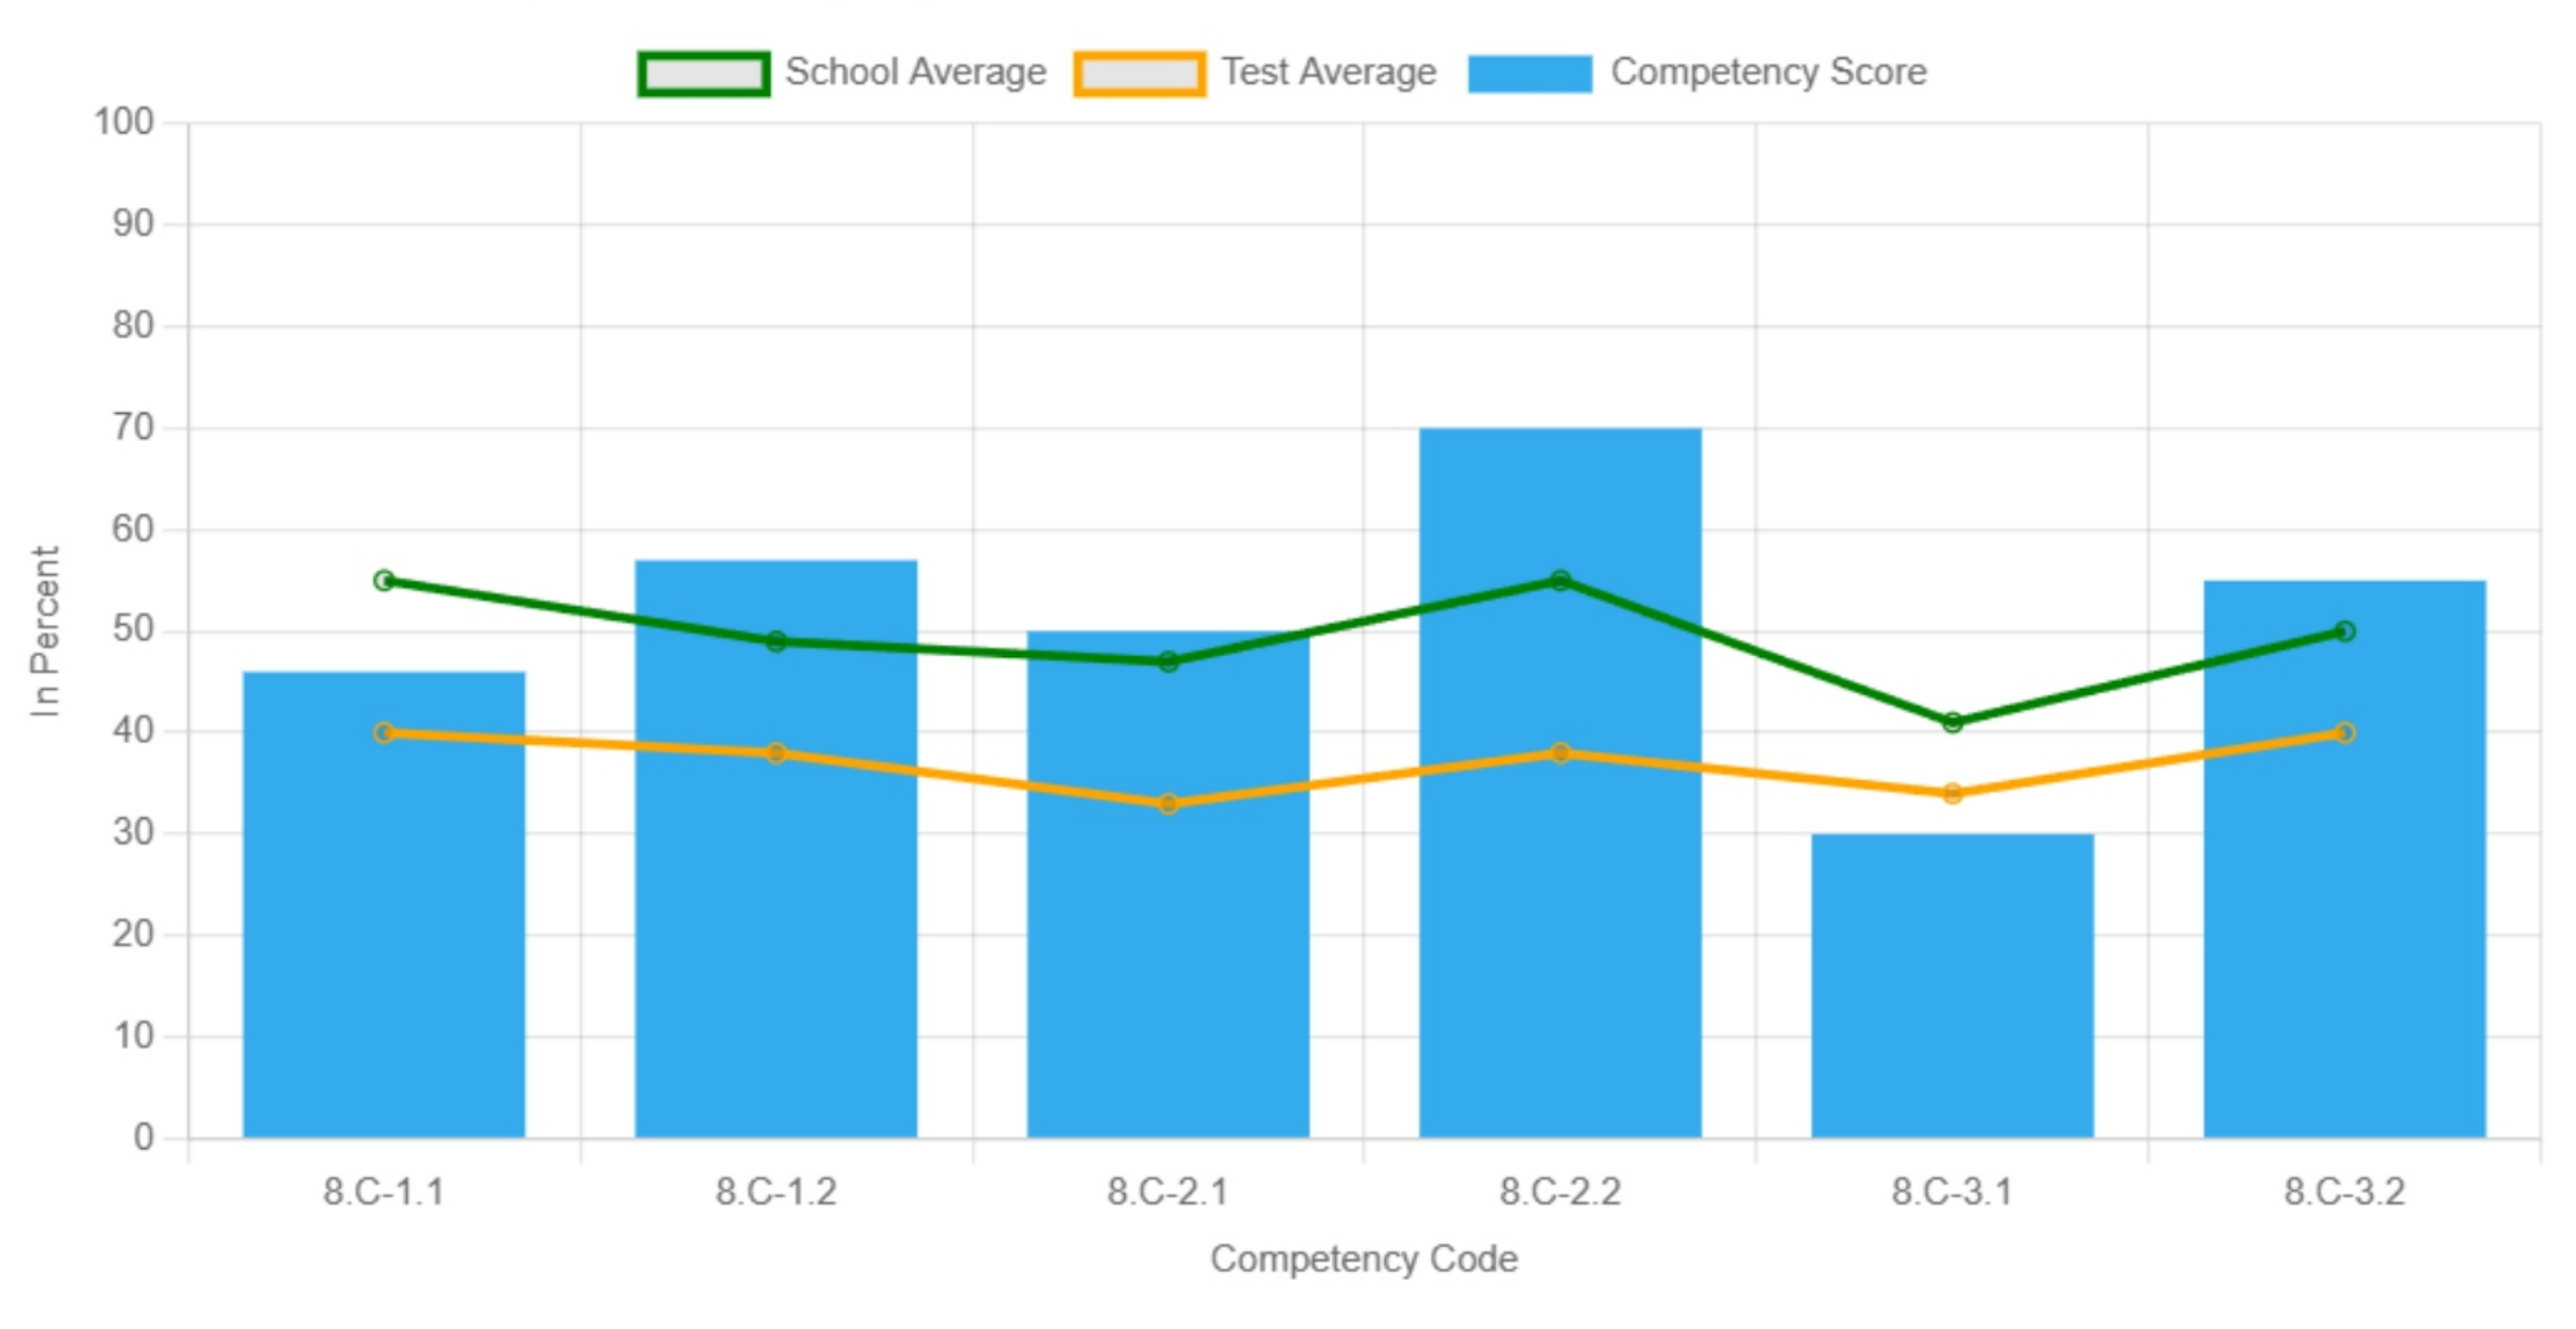
Math Competencies Highlights:



Math

Competency	Competency Description	Competency Score	School Average	Test Average
8.C-1.1	Develops a sense for and an ability to manipulate (e.g., read, write, form, compare, estimate, and apply operations) and name (in words) large whole numbers of up to 20 digits, and expresses them in scientific notation using exponents and powers.	60.00%	48.57%	53.48%
8.C-1.2	Discovers, identifies, and explores patterns in numbers and describes rules for their formation (e.g., multiples of 7, powers of 3, prime numbers), and explains relations between different patterns.	80.00%	53.33%	46.96%
8.C-1.4	Explores and understands sets of numbers, such as whole numbers, fractions, integers, rational numbers, and real numbers, and their properties, and visualises them on the number line.	33.33%	60.32%	54.07%
8.C-1.5	Explores the idea of percentage and applies it to solve problems.	33.33%	63.49%	60.25%
8.C-1.6	Explores and applies fractions (both as ratios and in decimal form) in daily-life situations.	25.00%	39.29%	52.78%
8.C-10.1	Recognises interaction of Mathematics with multiple subjects across Science, Social Science, Visual Arts, Music, Vocational Education, and Sports.	40.00%	35.24%	43.85%
8.C-2.1	Understands equality between numerical expressions and learns to check arithmetical equations.	83.33%	77.78%	70.49%
8.C-2.3	Forms algebraic expressions using variables, coefficients, and constants and manipulates them through basic operations.	100.00%	68.57%	56.15%
8.C-2.4	Poses and solves linear equations to find the value of an unknown, including to solve puzzles and word problems.	75.00%	75.00%	67.41%
8.C-3.1	Describes, classifies, and understands relationships among different types of two- and three-dimensional shapes using their defining properties/attributes.	66.67%	58.73%	63.70%
8.C-3.2	Outlines the properties of lines, angles, triangles, quadrilaterals, and polygons and applies them to solve related problems.	100.00%	19.05%	39.26%
8.C-4.1	Discovers, understands, and uses formulae to determine the area of a square, triangle, parallelogram, and trapezium and develops strategies to find the areas of composite 2D shapes.	66.67%	31.75%	44.44%
8.C-5.1	Collects, organises, and interprets the data using measures of central tendencies such as average/mean, mode, and median.	60.00%	44.76%	50.52%
8.C-7.1	Demonstrates creativity in discovering one's own solutions to puzzles and other problems, and appreciates the work of others in finding their own, possibly different, solutions.	66.67%	41.27%	52.59%
8.C-8.1	Approaches problems using programmatic thinking techniques such as iteration, symbolic representation, and logical operations and reformulates problems into a series of ordered steps (i.e., algorithmic thinking).	50.00%	50.00%	46.67%
8.C-9.1	Learns systematic counting and listing, systematic reasoning about counts and iterative patterns, and multiple data representations; learns to devise and follow algorithms, with an eye towards understanding correctness, effectiveness, and efficiency of al	66.67%	42.86%	42.72%

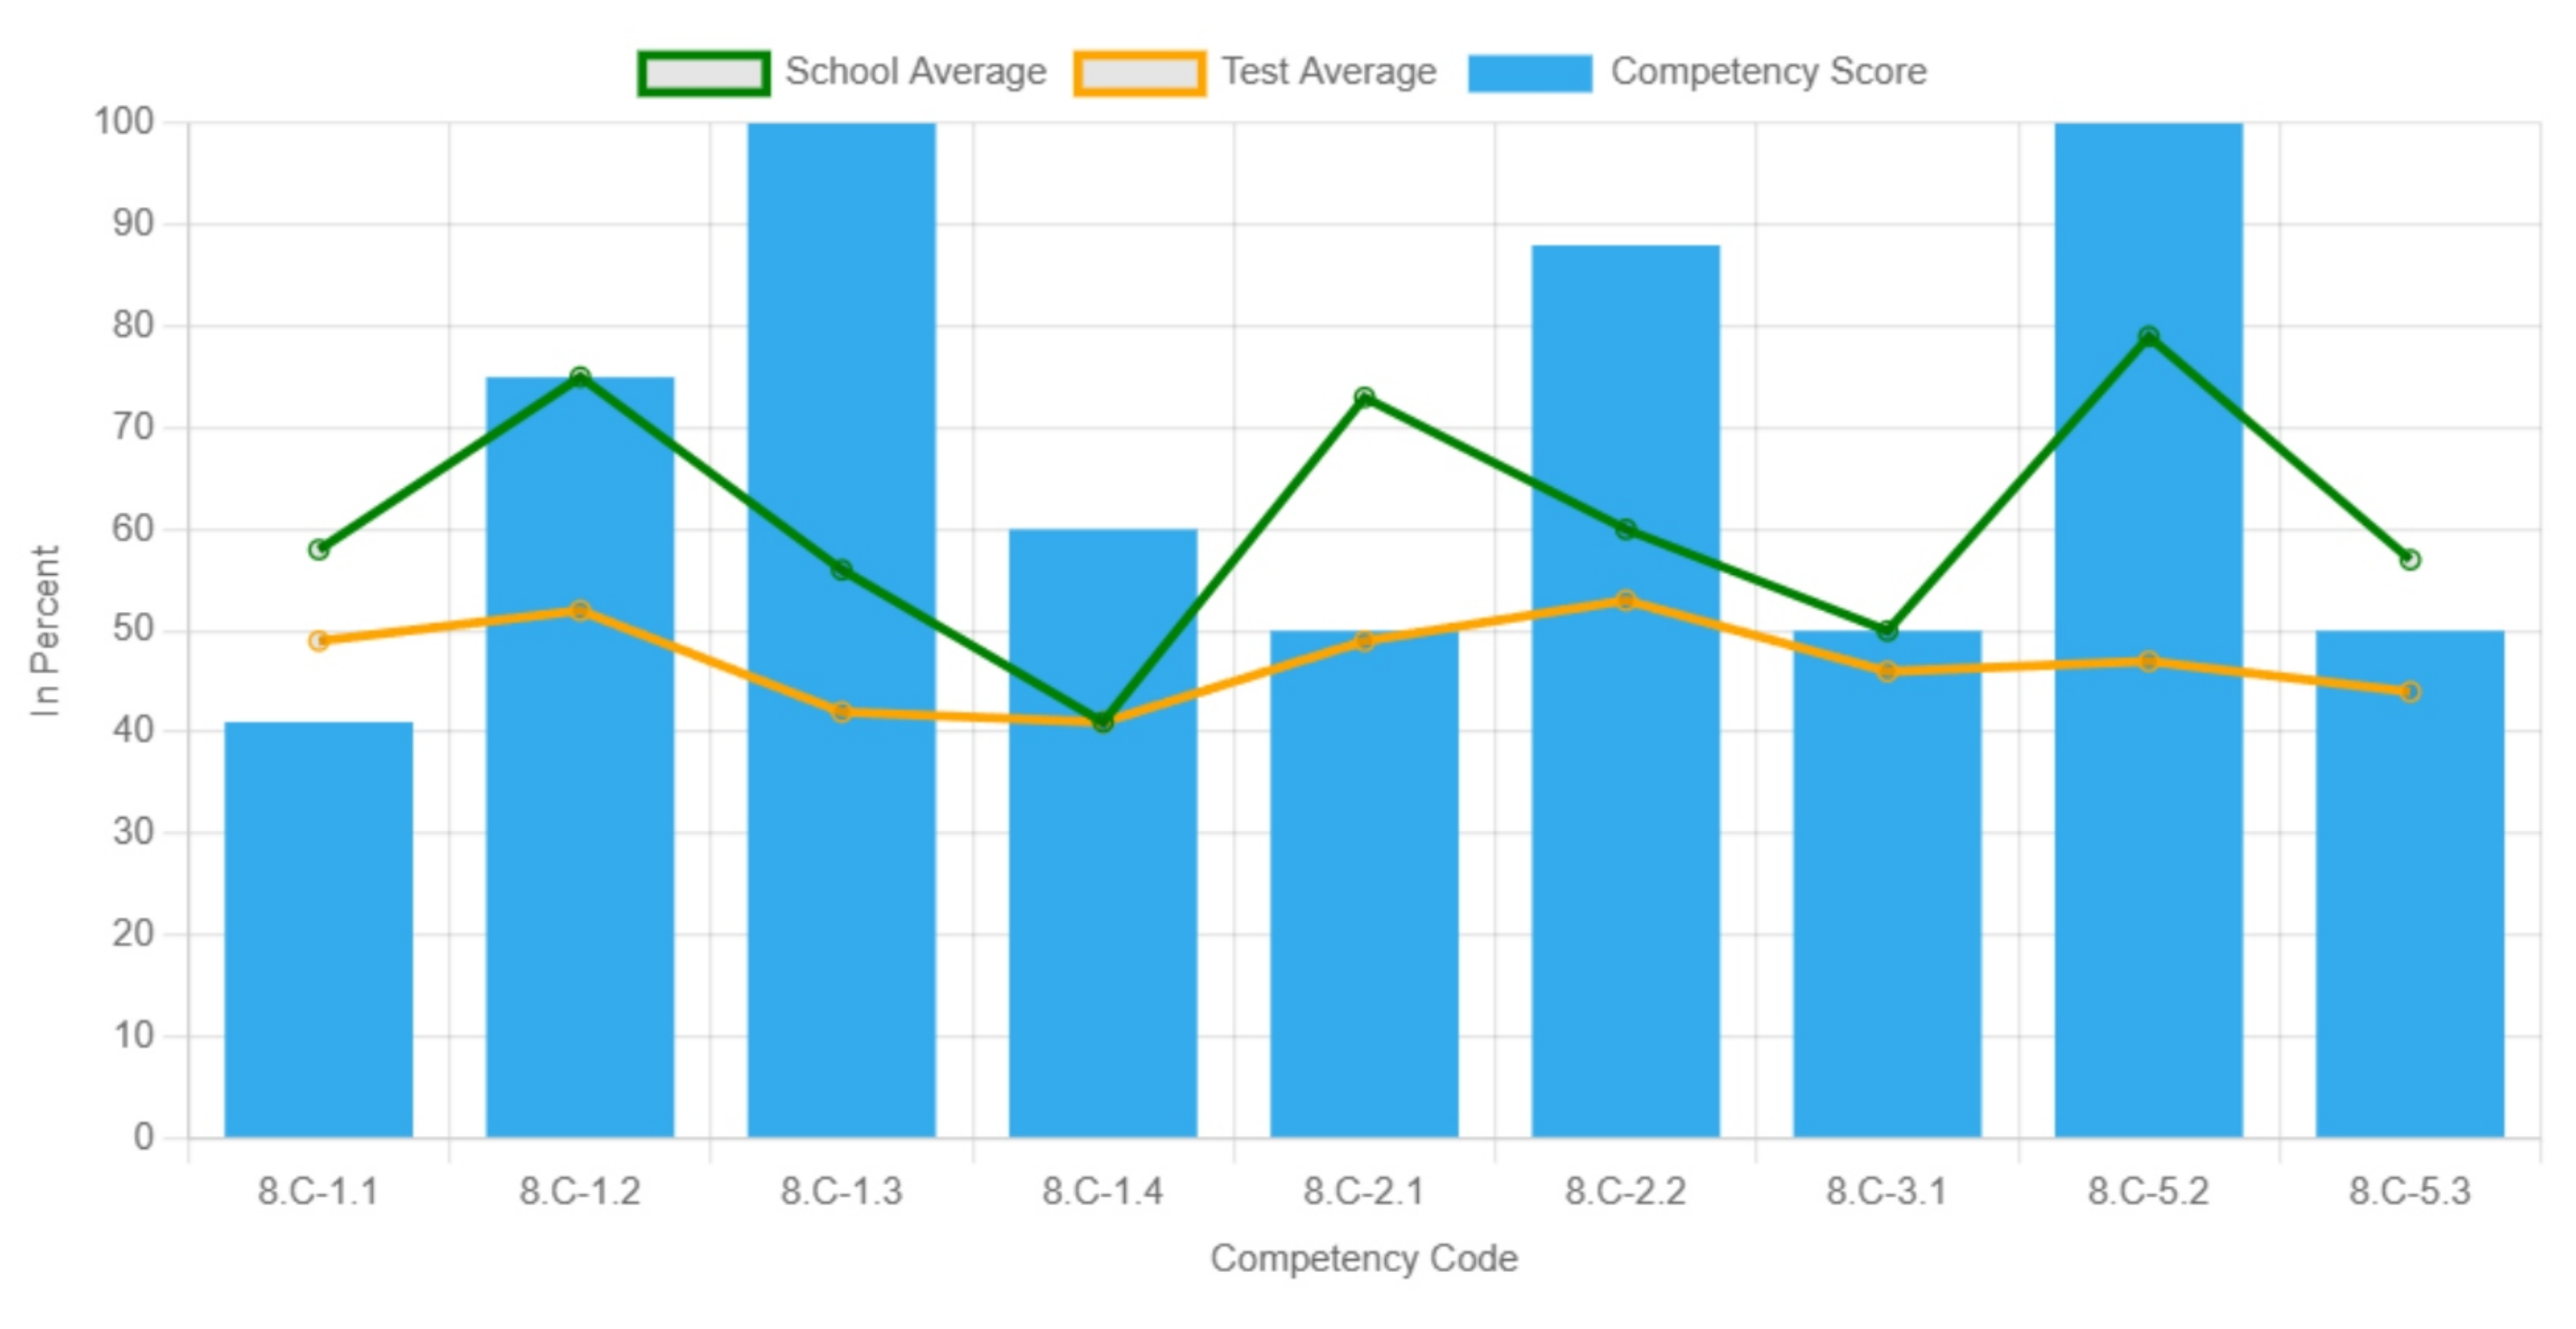
India Awareness Competencies Highlights:



India Awareness

Competency	Competency Description	Competency Score	School Average	Test Average
8.C-1.1	Explains the significance of national symbols, commemorative days, and constitutional ideals in shaping Indian identity.	46.15%	55.77%	40.98%
8.C-1.2	Critically evaluates civic actions, decisions, and public behaviours using the constitutional principles of justice, liberty, equality, and fraternity, especially in situations involving ethical dilemmas or competing rights.	57.14%	49.40%	38.73%
8.C-2.1	Compares cultural, linguistic, and artistic expressions across Indian regions and relates them to historical, geographical, or social contexts.	50.00%	47.92%	33.25%
8.C-2.2	Recognises traditional ecological knowledge and environmental practices in India and assesses their value for sustainability today.	70.00%	55.83%	38.77%
8.C-3.1	Connects the actions and ideas of Indian historical figures, reformers, or institutions with the societal changes they inspired.	30.00%	41.67%	34.99%
8.C-3.2	Interprets moral messages, values, or themes from Indian stories, movements, or traditions and relates them to current issues or contexts.	55.56%	50.93%	40.39%

Reading Competencies Highlights:



Reading

Competency	Competency Description	Competency Score	School Average	Test Average
8.C-1.1	Identifies main points and summarises from a careful listening or reading of the text (news articles, reports, editorials).	41.67%	58.97%	49.91%
8.C-1.2	Listens to, plans, and conducts different kinds of interviews (structured and unstructured).	75.00%	75.64%	52.55%
8.C-1.3	Raises probing questions about social experiences using appropriate language (open-ended/closed-ended, formal/informal, relevant to context, with sensitivity).	100.00%	56.41%	42.57%
8.C-1.4	Writes different kinds of letters, essays, and reports using appropriate style and registers for different audiences and purposes.	60.00%	41.54%	41.02%
8.C-2.1	Identifies and appreciates different forms of literature (prose, poetry, drama) and styles of writing (narrative, descriptive, expository, persuasive) from various cultures and time periods.	50.00%	73.08%	49.01%
8.C-2.2	Identifies literary devices [simile, metaphor, personification, hyperbole, alliteration, idioms, proverbs, and riddles] by reading a variety of literature and uses them in writing.	88.89%	60.68%	53.65%
8.C-3.1	Interprets and understands basic linguistic aspects (rules), such as sentence structure, punctuation, tense, gender, and parts of speech, while reading different forms of literature, and applies them while writing.	50.00%	50.00%	46.50%
8.C-5.2	Engages in the use of puns, rhymes, alliteration, and other wordplays in the language to make speech and writing more interesting and enjoyable.	100.00%	79.49%	47.50%
8.C-5.3	Becomes familiar with some of the major word games in the language (e.g., palindromes, spoonerisms, sentences without given letters or sounds, riddles, jokes, antakshari, anagrams, crosswords).	50.00%	57.69%	44.16%
